# Commercial Sales Compensation Plan

Shift4 Direct Compensation Plan

FY 2025

## I. Establishment of Plan:

This Commercial Compensation Plan (the "Plan") is effective immediately.

## II. Commission Structure:

Inside Sales Account Executive's Commission Structure is as follows:

| Commission Type | Commission Amount | Commission Description |
|---|---|---|
| **New SkyTab POS** | • $250 paid when the customer MID is Go-live. ($1000 processed and status 700)<br>• 2 months true-up balance<br>• Maximum bonus of $3,000. | Any new payments customer. The true up or true down is calculated after two full months of processing following the month of Go-live. Account Executive will be paid 2 x payment income & saas fee income. Example below |
| **Non SkyTab POS** | • $200 paid when the customer MID is Go-live. ($1000 processed and status 700) | Merchant Not Interested in SkyTab that signs up for a terminal only or similar product |

**MID Eligibility Requirements:**

- Bonuses are paid for F&B MIDs. Example: If you sign a new restaurant and they request a separate Online Ordering account, the second MID would not be eligible for a bonus. Additional locations and businesses will count as a new MID and eligible for bonus. Change of ownership does not qualify for commission.
- Go-live is determined by Status moving to 700 and $1000 processed and settled in a given month.

**III. Base Quota Requirement:**

Inside Sales Account Executive will have time to ramp up to achieving a 20 MID/month quota. The expectation is to spend the first month learning the system and sales process, have at least 15 total MID's sold by month two, and achieve 30 total MIDs by the end of month three. The expectation is 20 MIDs per month after 90 days.

**IV. Timing of Payment:**

The commission is broken down into two payments.

- Initial $250 sales commission is earned at Go-live and paid on the first payroll cycle following Go-live. Go-live is defined as Status 700 date and $1000 processed.
- Once the account goes live, transactions are processed and the true up process begins. True Up calculates the average monthly profitability over two full months post go-live. The True Up is earned on the last day of the second full month of processing and will be paid in the second payroll cycle following two full months of processing.
    - Example A: Average monthly profitability of $450 x 2 months is $900, of which $250 has already been paid, bringing the total True Up to $650. An addition of $650 would be added to your commission.
    - Example B: Average monthly profitability of $100 x 2 months is $200, of which $250 has already been paid, bringing the total True Down to $-50. A subtraction of $50 would be deducted from your commission.
- Eligibility for go live and true up payments is contingent upon maintaining active employment status with Shift4.
- Commissions eligible to be paid up to 24 months from sign up

**V. Retractions:**

- MID payments are retracted if the customer processes for less than 6 months and/or removes Shift4 within the same timeframe.
- If the MID is paid and retracted due to lack of processing, it can be paid back in full if the MID returns and processes to meet the 6 month requirement.

**VI. Leaving the Company:**

If the Inside Sales Account Executive's employment is terminated (voluntarily or involuntarily) before a site goes live, the associated commissions will be forfeited.

If the Inside Sales Account Executive's employment is terminated before the new merchant completes 2 full months of processing, the associated true up commission will be forfeited.

**VII. General:**

Either the Participant or the Company may terminate the employment relationship at any time and for any lawful reason.
